The meaning behind the name

THE NAME

“Kalma”, from calm: the stillness you find when time slows down in the middle of Raja Ampat's sea.

Kalma is a homestay in Raja Ampat, Southwest Papua: a simple wooden house by crystal-clear water, run with local hospitality. We don't sell luxury. We offer a **pause**: waking up to the sound of waves, snorkeling right off your room, sharing grilled fish with your host family.

The wave that splits the logo into two colors is the waterline: above is the bright lagoon, below is the calm depth of the sea. The letters curve like palm fronds and fish fins.

Vision, mission & positioning

VISION

To be the most peaceful place to stay in Raja Ampat.

A place guests leave with a lighter mind and stories about the people, not just the views.

MISSION

- Clean, comfortable, honestly priced stays.
- Open up authentic sea & Papuan cultural experiences.
- Protect the reef and empower the village.

POSITIONING

For travelers who want to slow down.

Unlike luxury resorts and busy dive camps, Kalma offers calm, the warmth of a local family, and direct access to the reef.

Values, personality & tagline

CORE VALUES

Calm

Never in a rush; room to breathe.

Warm

Guests are welcomed like family.

Honest

As it is, no over-promising.

Caring

Keeping the sea, reef and village thriving.

BRAND PERSONALITY

Easygoing

Friendly

Grounded

Gently cheerful

Sincere

Nature-minded

TAGLINE

Slow down, Raja Ampat style.

Alternatives: “Where the reef meets home.” · “Pelan-pelan saja.”

Logo anatomy

A hand-lettered wordmark split by a two-tone wave. The logo is our most valuable asset: never redraw it, always use the official files.

① WORDMARK

② WAVE LINE

- ① **Wordmark “Kalma”** Organic letters that curve like leaves and fins. The shapes are unique and must never be replaced by another font.
- ② **Wave line** Splits the letters into Lagoon (top) and Deep Sea (bottom). It is Kalma's signature and the source of every wave graphic.
- ③ **Descriptor “RAJA AMPAT”** Widely tracked capitals that anchor the location. May be removed only in the wordmark version.

Note: the logo is currently a high-resolution PNG. For large print (banners, signage) use a vector version (SVG/AI/PDF).

Logo variants

Choose the variant by background and space. Priority: Primary → White → Mono → Wordmark → Monogram.

A. Primary (full color)
Default, on Sand, Seashell or white.

B. White (reversed)
On Deep Sea, Night Ink or dark photos.

C. Deep Sea mono
One-color print, stamps, screen print, invoices.

D. Wordmark
No descriptor: website header & tight spaces.

E. "K" monogram
Favicon, social avatar, app icon, watermark.

F. Sand mono
On Lagoon/Deep Sea for merchandise.

Clear space & minimum size

Keep a minimum clear space of **X** (the height of the “a” in the wordmark, about 25% of the logo height) on all sides.

Minimum size

Below these sizes the descriptor becomes illegible; use the wordmark or monogram.

Placement

- Website: wordmark top-left in the header, 32–40 px tall.
- Print: top-left or centered, away from folds.
- Social: monogram as avatar, small logo as a watermark.

✓ **Do**

- Use sentence case for headings.
- Keep body lines at 55–75 characters.
- Set prices & large numbers in Fraunces.

✗ **Avoid**

- Other script fonts that compete with the logo.
- Long paragraphs in all caps.
- More than 2 font families.

Graphic elements

Every graphic element derives from the logo's wave: soft, flowing, with no sharp corners.

Wave divider
Section transitions on the website & poster footers.

Ripple pattern
Subtle background for packaging & stationery, 15–35% opacity.

Dark ripple pattern
Footer, business card backs, merchandise.

Organic shapes

Photo frames shaped like arches or coral-stone blobs. Large radii, no sharp corners.

Icons

Underwater: coral & fish

✓ Look for moments like these

- Early morning & late afternoon, soft light.
- Open compositions with space for text.
- Real people: hosts, fishermen, guests (with consent).
- Natural, slightly warm color.

✗ Avoid

- Oversaturation or “neon” HDR.
- Stock photos that aren't Raja Ampat.
- Litter or reef-damaging activities.
- Large watermarks in the middle.

Tone of voice

Kalma speaks like a friendly host picking guests up at the pier: relaxed, warm, never over the top.

Calm, not lazy

Short sentences, slow rhythm, no strings of exclamation marks.

Warm, not cheesy

Speak to “you”; skip empty superlatives.

Honest & clear

Say it as it is: power, signal, travel time.

Local & caring

Add local words and a reminder to protect the sea.
